The attention of the authorities of the Nursing Institutions mentioned in the address entry is invited to the reference cited.

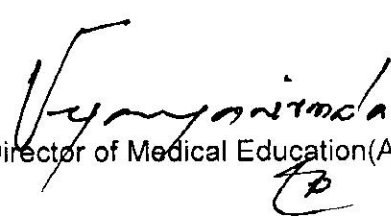

In the admission notification issued under the reference cited, it was specifically stipulated that, the approved list of candidates selected for admission into the First Year of Three years GNM Course for the Academic Year 2025–26, duly approved by the concerned Selection Committee, should be submitted to this office on or before 25.07.2026.

However, even after the lapse of more than Six (06) months, the approval lists have not been received from your institution. This indicates gross negligence in discharging your statutory responsibilities and non-compliance with the instructions and Government orders issued from time to time. Such delay is causing considerable inconvenience to this office in planning and conducting GNM examinations and in furnishing authenticated student information whenever required by the competent authorities.

Therefore, all the concerned institutions are hereby directed, for the final time, to submit the approved list of students admitted into the First Year of Three-Year GNM Course for the academic Year 2025–26, duly approved by the Selection Committee, so as to reach this office on or before 25.07.2026 without any further delay.

Failure to comply with these instructions within the stipulated time will result on the students of the defaulting institution not being permitted to appear for the GNM examinations under any circumstances. The concerned institution shall be held solely responsible for all consequences arising out of such non-compliance, and further action will be initiated against the institution as per the rules and Government instructions in force.
